

Clubs and Activities

2021 - 22

Clubs and Activities 2021 - 22

Sevenoaks School prides itself not only on being a centre for academic excellence, but also for its rich and varied educational atmosphere. Our aim is that students should become well-rounded individuals, and the key to this is participation in co-curricular activities. There are a large number of interesting and challenging activities happening at all times around the school – particularly at lunchtimes and after school.

This handbook gives a brief outline of many of these activities. It cannot always be specific about timings, as they are fixed in response to student interest. Locations too can vary as each term puts different demands on the school premises. Please just turn up at the time and location provided or email the member of staff in charge for further information. If you have ideas for a new club or society you should speak, in the first instance, to: Mrs Sally Walmsley (Deputy Head Co-curriculum).

Please note that a few of the activities have a small cost involved (for example: for transport/external tutors/national membership); details from the staff member in charge. Please clear this with your parents before committing to the activity.

A separate list of Service placements, and other creative activities that count towards CAS, is published by Mr Ian Fletcher (Director of Service) at the beginning of the Michaelmas Term.

Activity	Description	Time	Location	Teacher
Schickler Society (Academic Society)	Schickler Society is a discussion group that meets fortnightly to consider interesting issue-based questions. Topics such as the Cuban Missile crisis, the power of the brain, science of tasting, the future of capitalism and nuclear fusion are discussed. The meeting is open to all pupils within the year group. Academic Scholars have to attend Schickler Society unless they are given permission by Mr Kiggell or Mr Smith to attend another activity.	Y9 - Monday B 16.15	SEC-103	LCK
		Y10 – Monday A 13.00	SEC-101	ACS
		Y11 – Wednesday A 13.00	SEC-101	ACS
Anthropology Club (Y11-U6)	Anthropology is the study of humans, including their behaviour, culture and the development of societies. Each week, we will explore a different area of anthropology and try to get a better understanding of what it means to be human. Questions we will explore will include ‘ <i>what does it mean to be an individual?</i> ’, ‘ <i>why is a marriage such a big party?</i> ’ and ‘ <i>Why do we care more for a pet than a stranger?</i> ’. Feel free to drop by and join the discussion.	Thursday 13.30	Biology dept.	MTE
Art Clubs	Ceramics Club (all year groups) An opportunity to explore a range of ceramic processes. No experience is required. Drawing Club (Y7-9) The sessions focus on developing observational skills. No experience is required. Middle School Painting Club (Y9-11) A range of approaches to handling paint will be explored. No experience is required. Sixth Form Artists Workshops aimed at those pursuing art for IB Animation Club (all year groups) Discover the worlds of 2D & 3D animation from your smart phone to our professional rig set up. Learn the basics, become proficient. U6 Artists’ Portfolio Workshop A session aimed at those who are making portfolios for university applications.	Monday 16.15-17.30	AR3	EBD
		Tuesday 16.15-17.30	AR4	GPL/ECP
		Wednesday 16.15-17.30	AR4	JMW
		Thursday 16.45-18.45	AR1	JMW
		Thursday 16.15-18.00	Art Computer Area	AM
		Friday 16.15	AR1	CWO
Astrophysics Society (Y11-U6)	A student led society that will allow you to explore our solar system and beyond. The society will be working on various projects and presentations whilst improving our knowledge of the Universe.	Friday 13.30-14.20	SC-1H	LXK
ATLAS Open Data Project	The ATLAS Open Data Project uses data from the Large Hadron Collider at CERN which has been made publicly available. By using the same statistical techniques that particle physicists use with this data, you will search for evidence of particles like the Higgs Boson and investigate the properties of the fundamental building blocks of nature and how these interact with one another. Eligible for CREST Gold.	Tuesday or Wednesday tbc 16.15-17.30	Physics Data Logging Room	AEG
L6 Biology Extension Club	This club is an opportunity to prepare for the Biology Olympiad and explore Biology beyond the IB curriculum, including some interesting practicals, and lectures. Students will also have the opportunity to give presentations on sections of the Olympiad syllabus or Biological topics of their choice.	Wednesday 13.00-13.30	SC-0A	KAM
Middle School Biology Club		tbc	tbc	tbc

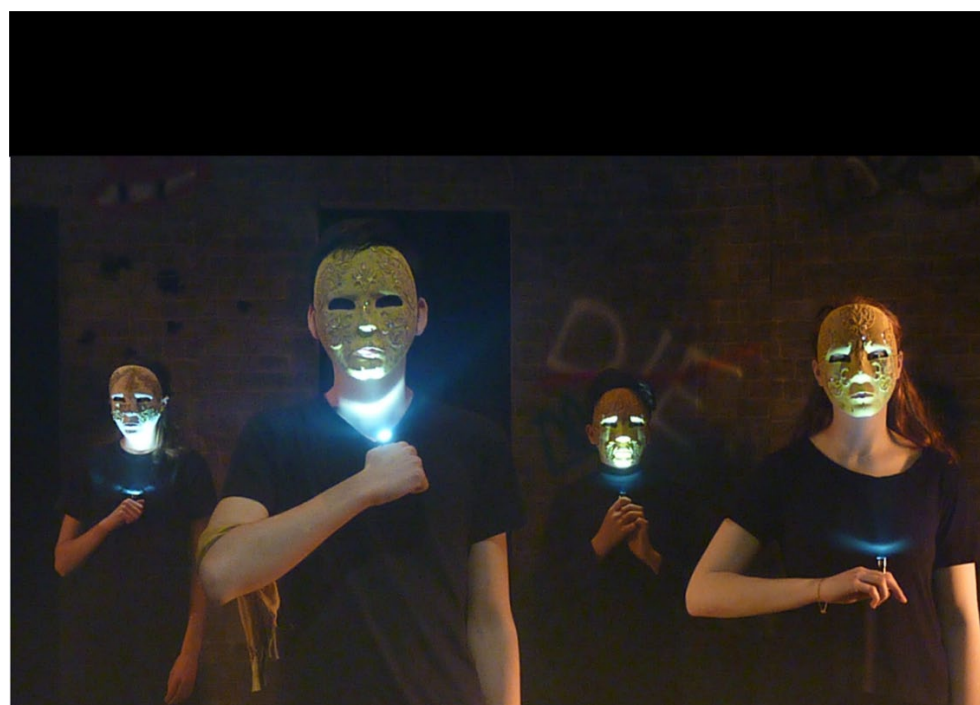

Activity	Description	Time	Location	Teacher
Biology Journal Club (Y11-U6)	Each week, we will look at a paper from a Biology journal, and see what we can learn about the topic explored. It is a useful skill to develop, and you learn some fun stuff too...if you like Biology! 'Real' science uses these published papers to share ideas and prompt discussion. Previous topics have included <i>the evolution of infectious diseases from animals to humans</i> , <i>when meiosis goes wrong</i> , <i>how sex determination is complex</i> , and <i>'non-genetic' inheritance</i> . We try to read the paper before the session, so if you want to come along, please email me so I can share the paper – I usually annotate it a bit first to help out.	Friday 13.30	Biology dept.	MTE
Business and Economics Society (Middle School and Sixth Form)		Wednesday after school	tbc	Max Ward/ Victor Pfister
Catalyst Science Journal (All ages)	This award-winning student-run science journal allows those interested in communicating ideas about science to write articles on interesting topics. A team of student editors produce a journal available for the whole school to enjoy. Each issue is found on Firefly, and we are always interested in receiving articles.	When required	tbc	AEG
CCF Military Skills Squad	In addition to the skills taught in CCF, the Military Skills squad trains weekly to extend cadet's infantry tactics and leadership. From the squad, a team is selected that competes at prestigious military skills competitions and target shooting events. Open to any member of the CCF Army Section who wishes to advance their skills and particularly useful for Cadet Non Commissioned Officers who will be delivering training to their sections.	Thursday 16.10–17.15	Flat	SBM
Charity Committee	The Charity Committee (or a name to be determined by students involved) will meet bi-weekly to develop their ideas for supporting different social causes through a range of different projects led by the students involved. The committee will also play a role in leading whole school themed weeks and events, helping to determine the causes we fundraise for, and crucially ensuring all members of the school community are supported in engaging with the process of change and exploring topics relating to social equity more widely.	tbc	tbc	CJW/CLD
Chemistry Extension Group (L6)	This club provides an opportunity for those interested in chemistry and other natural science to delve deeper into the intricacies of the subject; to discuss the state-of-the-art, explore discoveries, inventions and technologies. The sessions will comprise a mixture of student and teacher-led discussion, as well as the chance to challenge yourself with some probing questions. If you've an inquisitive mind and a passion for science then come along.	Monday 13.40	SC-1A	CRM

Activity	Description	Time	Location	Teacher
Chemistry Extension Group (Y10-11)	Delve deeper into current topics in cutting-edge research, including materials for sustainable energy storage; the chemicals fighting COVID; and broadening diversity and inclusion in Chemistry. Take part in student and teacher-led talks and discussions on topics that interest you. Many of the topics which we will explore have interdisciplinary links to Physics, Biology, Engineering and Materials Science. If you have an inquisitive mind and a thirst to learn more about what's happening in Chemistry today, then come along!	Monday 13.40-14.40	SC-1K	JYR
GCSE Chemistry Support (Y10-11)	Addled by atomic structure? Baffled by bonding? Come along to SC-1K with any questions that you have about GCSE Chemistry for additional support.	Tuesday 13.40-14.00	SC-1K	JYR
Chess Club (All ages)	We are fortunate to have John Emms running chess club. John is a chess grandmaster, and has represented and captained the English team at Chess Olympiads. He is an English Chess Federation (ECF) Accredited Coach, and has coached national junior teams. Coaching sessions will focus on improving skills such as problem solving, visualisation, calculation, and logic and reasoning, as well as building up knowledge in all aspects of chess. John may be available for private coaching and students should speak to him if interested. All levels are welcome to join.	Monday 13.05-14.20	OS5	YXY
Christianity Explored: Junior Christian Union (Y7 - 8)	JCU is an opportunity for Y7 and 8 to spend a bit of time thinking about some of life's big questions, for example: "Why are we here?", "Isn't being good the most important thing?", "Why trust the Bible?", "Is there any good evidence for the resurrection of Jesus?", "If God exists, why does he allow suffering?", "What happens when we die?" We also look at Mark's gospel to see what it can tell us about Jesus, and what impact that has for us. It's all very relaxed and informal, and all are welcome, whether Christian or just curious.	Thursday tbc 10.45-11.10	ML2	JDD/TJF
Christianity Explored: Christian Union (Y9 - Y13)	"Science without religion is lame, religion without science is blind"- Albert Einstein. Anyone interested in the Christian faith is welcome to come and discuss life's biggest questions, usually around a passage from the Bible. A wonderful opportunity to learn about the Christian faith and to be encouraged.	tbc	ML2	JDD/ICC/ TJF/MTC
Climbing	With the climbing wall in the Sennocke Centre proving a great success, this is a good time to join the regular rock jocks and improve your ability, agility, strength and even exam grades by having fun climbing, bouldering, abseiling and using the high ropes course. All levels of experience are welcome, but places will be limited. There is also the chance for Y11 and Sixth Form to climb as a games option. Apply early.	Y9 Monday A 16.30-17.45 Y10 Monday B 16.30-17.45 Lower School Wednesday 16.15-17.30	Sennocke Centre	PRB JLT
Coding Club	Python is taught or bring your own projects. All levels of experience welcome (even none)!	Wednesday 16.15-17.30	SC-VC	AEG
Cosmic Mining	Help identify interesting objects for the James Webb telescope to observe. Analyse data to uncover stars forming and fading in our galaxy and beyond, helping scientists uncover the history of our Universe.	Monday 16.15-17.30 tbc	tbc	AEG
Curling Club	Come and learn to play the most watched sport at the Winter Olympics! Sevenoaks has offered curling as a club sport for the past 6 years, and we have had success in the English Schools' Championships, the Open Championships and Schools' league. The rink is open from January to April, so the club runs for Lent Term only. You will learn basic skills, tactics, different shots and of course sweeping. Regular players will work for their English Curling Association badges, and most certainly represent the school in matches and tournaments. There is a charge for this activity.	Wednesday 17.00-19.00 (depart school 16.30)	Fenton's Curling Rink, Tunbridge Wells	JLK
Current Affairs Society	A student-led, discussion-based group, looking at topical issues in a new and informal way.	tbc	tbc	ACS/Anna Tarasheva

Activity	Description	Time	Location	Teacher
Debating Club (Y9-U6)	Should we assassinate dictators? Introduce a universal basic income? Compensate people not found guilty at trial? These are just a few of the questions that we have argued recently. Whether you want to pit your wits against your peers in our school sessions or enter the top national and international competitions, in Debating Society we guarantee that you will develop your ability to present a compelling argument, think flexibly on your feet, become a critical thinker and expand your knowledge and understanding of important issues.	Thursday 16.10-17.30	L1 – L6 and U6 L3 –Y11 L5 – Y9 and Y10	OCF
Defunct Economists (Sixth Form)	This group encourages participation in discussion of topical economic and business issues. It will be very much pupil-led with students taking turns to lead the debate. Pre-meeting preparation will be required to ensure some lively and informed opinions are expressed.	Wednesday lunchtime	SEC-103	LCK
Drama Clubs	<p>Drama Clubs are for all those who have an interest in theatre, regardless of experience. You don't have to commit to being in the production to join a Drama Club, just keen to learn new skills! But it is hoped that some of these clubs may 'showcase' some of their work through informal presentations or formal performances in the Lent Term. See https://sevenoaksschool.fireflycloud.net/drama</p> <p>Lower School (Y7-8) Improvisation and Storytelling Radio Drama Lower School Play: Y7 please contact KTN and Y8 SLG.</p> <p>Middle School (Y9-10) Film-Making Musical Theatre Improvisation Y9 Drama Club Y10 (February) and Y9 (May) Plays: please contact GEH.</p> <p>Senior (Y11-U6) Dance and Physical Theatre Musical Theatre Improvisation and Storytelling L6 Play (December): please contact HEJ. Senior Production (October): please contact GEH.</p>	<p>Tuesday/Thursday 16.20-17.30 Tuesday/Thursday 16.20-17.30</p> <p>Monday 16.20-17.30 tbc Friday 16.20-17.30 Wednesday 16.20-17.30</p> <p>Monday 16.20-17.40 Tbc Friday 16.20-17.40</p>	PAC	<p>PXH PXH/CLF KTN/SLG</p> <p>ACB SLG/DSD CLF/JWG CLF/JWG GEH</p> <p>IFR/CSD SLG/DSD JHD/ACB HEJ GEH</p>

Activity	Description	Time	Location	Teacher
Duke of Edinburgh's Award Scheme	This is a programme of activities that leads to an award. Participants can develop existing interests or try something new. The Scheme is not competitive and anyone with the necessary perseverance, enterprise and commitment can gain an award. Bronze (for those over 14):	Saturday P4 sessions plus one Sunday in November	tbc	JHD/NLA
	Silver (for those over 15): Expeditions in the New Forest (24-26 March 22) and Peak District (27-30 June 22).	Two Sundays (all day) Dates tbc	Various	SBM
	Gold (for those over 16): Each award is separate and young people may progress through all three or start where they wish, depending on their age. For each award, participants have to complete the requirements of each of the four sections outlined below: Volunteering - Participation in direct, practical assistance to the community. Expeditions - Exploring the Great Outdoors: With a practice expedition followed by an assessed expedition. 2 days at Bronze level, 3 and 4 at Silver and Gold. Skill - A hobby or skill (there are over 200 to choose from) to be pursued over 3, 6, 12 or 18 months at the various levels. Physical Recreation - Participating in organised physical activity and achieving individual progress within it. For Gold, a residential week of either volunteering or a skills course must also be completed.	Sunday 7 November	tbc	KEH

Activity	Description	Time	Location	Teacher
Eco Committee	We are looking for student volunteers who want to take an active role in instigating change for improved environmental sustainability in school and the wider community. We would like representation from all year groups, and day and boarding students. We will be working within the Eco-Schools framework to improve environmental sustainability in school and the wider community. This includes developing, implementing and evaluating action plans, as well as obtaining and maintaining the Green Flag Award. We are also hoping to develop a wide communication network within the school to keep tutor groups regularly updated about sustainability matters. There are plenty of opportunities for you to work on the areas of sustainability that you feel most passionate about and implement your own initiatives. Let us know if you're keen to be involved but can't make our meetings. We'll try to keep you in the loop as best we can!	Wednesday A 16.15 Thursday B 10.50-11.10	L3	PCL
Engineering Society (L6)	A student-run discussion group, exploring all aspects of engineering. The society holds lectures on a weekly basis, exploring new breakthroughs in all fields of engineering. It is a chance for a student interested in the STEM fields to explore beyond the syllabus and get an insight into what it is like to study engineering at university as well as what it is like to work in the field.	tbc	tbc	JLT
Fantasy Tabletop Gaming Club	Do you know your Lycanthropes from your Liches? Have you travelled across the Blind Eternities? Have you thwarted a Tyrannid invasion? Then join the 'Fantasy Tabletop Gaming Club' to learn about new tabletop games and master your skills at some old favourites. We offer 'Dungeons and Dragons' role play sessions, Magic The Gathering, Warhammer and other miniature games, and an exclusive selection of boardgames. Open to all year groups, and all levels of experience. So stock up on HP, top up your spellbook, and sharpen your swords. You'll need them...	Monday 16.30-17.30	C4	TMB/KTN
Feminist Society	Feminist Society is a club dedicated to discussing and finding solutions to gender inequality and stigmatism. We discuss feminist theory, history, and ideology, as well as apply feminist concepts to current affairs and pop culture. All year groups and genders are welcome to attend, suggest discussion prompts, and present on topics they find particularly fascinating.	Wednesday 16.15 tbc	tbc	EXS/Elizabeth Zorina
Film-Making Club (Y9-10)	We will be working together over the coming weeks and months on everything you might need to know in order to make a short film on a smart phone.	Monday 16.15-17.10	tbc	ACB
French Cinema Club	All students and staff welcome to attend (please note age ratings may apply) The aim is to introduce students to a wide variety of French classics and modern films (with English subtitles) while developing their listening skills. Screenings will take place during the last week of every half term. Exact day and timing will be published in the bulletin, as well as a brief description of the film selected. Students of French should register their interest with their teacher or contact ESS.	Once every half term	Little Theatre	ESS
French Debating Club (Sixth Form)	Do you think plastic bottles should be banned? Do you think pupils should not use their phones during lessons? Do you believe there has never been a better time than now? If you fancy discussing current affairs in French come and join us! Some of you may also be able to take part in the French debating competition against other British schools.	tbc	tbc	NMF
French Reading Club (Y9 – U6 native speakers)	If you like reading in French or would like to learn more about French literature, come and join us.	Once every half term	tbc	NMF

Activity	Description	Time	Location	Teacher
Lower School Bi-Lingual Club (Y7-8)	If you have a French parent or have lived in France before, and want to meet other French speakers from the Lower School, please come to bilingual club to improve your skills and learn as a group.	tbc	ML11	BJS/WMS
Y10 Geography Club	Y10 Geography Club meets once a week with a focus on discussion-based activities to fuel interest and passion for the subject beyond the curriculum. Topics include: The geography of Superpowers; Cowspiracy; The geography of Hip Hop; Circular Economy; The geography of 5G; Disruptive technologies; El Nino.	tbc	L5	PRT
Y11 Geography Club	Y11 Geography Club meets once a week with a focus on discussion-based activities to fuel interest and passion for the subject beyond the curriculum. Topics include: Wicked problems; Global risks; The role of a world city; The Antarctic Treaty – can it last?; Global population Trends 2050 – Population Bomb or Birth Derth?; The geopolitics of the South China Sea; Big data – What does it mean?; Transboundary pollution; Powerful global organizations and groups; Shrinking world technologies; GIS – Why is it important for geographers?	Friday 13.00-13.30	L5	PRT/JWW
IB Global Change and Interactions Club (Sixth Form)	Y12 and Y13 'Global Change and Interactions' Club meets once a week to discuss contemporary Geography, Geopolitical, Human Development and International Relations Issues with a focus on student led and guest speaker discussion-based activities to fuel interest and passion for these subjects beyond the curriculum.	Friday 16.15-17.00	L5	PRT/GJW
German Bili Club (Y7 – 11)	Are you a native speaker of German or a strong bilingual student who wants to polish their German or maybe one day study German Literature? Join us for a weekly lunch-time club to look at all kinds of German texts to understand more about the German language and literature, the culture, and things you would be learning if you were in school in Germany. PLEASE EMAIL exc@sevenoaksschool.org in the first instance if you are interested to attend.	tbc	ML12	HYS/EXC
German Debating Club (L6 German B students)	If you want to improve your spontaneous conversation skills in German, what better way than by joining the L6 German Debating team. Move German out of the classroom context and into a real-life scenario of presenting a thesis, challenging with counterviews, and responding to the challenge.	tbc	ML3	HYS/EXD/ CED
Go Kart Club (Y10-11)	The school has bought two go karts that need to be reconditioned and made ready to race. You will work in teams to get the go kart ready; you will have the opportunity to drive them and maintain them. Max capacity: 10 students.	Wednesday 16.15-17.30	Garage next to Sennocke House	AYC
IQ Society (Lower School)	IQ is a club for Lower School academic scholars who are expected to attend. We aim to do two or three trips in the year for academic enrichment; for example, last year we visited Charles Darwin's house and discussed the impact of Darwin's theory of evolution in the 19C. We also visited the British Museum to see an exhibit on man's interest in religion and the gods throughout the ages. The club is a good way for scholars in Year 7 and 8 to get to know each other in an informal setting.	Friday 13.15-14.00 (every three weeks)	S10	RJT
Knitting Club	How to knit like an Olympian? Whether you are advanced or beginner knitter, come and join us with your needles and yarns! Please email NMF if you are interested.	tbc	tbc	NMF

Activity	Description	Time	Location	Teacher
Korean Culture Society	Open to anyone interested in Korean culture e.g. food, music, language, tv shows, movies etc, as well as those who want to learn more about it. Students don't have to be Korean to join.	Friday 13.30-14.00	Art dept	JMW
Linguistics Olympiad Club	Do you love solving puzzles and cracking codes? Join us to look for patterns and structures of languages like Bambara, Estonian and Pjantjatjra. No previous language knowledge required, just a curiosity about how language is constructed. All year groups welcome.	Monday 16.15-17.00	ML3	EXC
The Maker Space	Do you have an idea for something you want to make or fix? Then bring your idea and a rough plan to the Tech department and we will help you to realise it. You will have access to the laser cutters, 3d printers, the printer plotter, the embroiderer and a range of other machines that staff can use. All year groups welcome.	Tuesday 13.30-14.30 Wednesday 13.30-14.30 Thursday 13.30-14.30 Friday 13.30-14.30	CAD/CAM Room	NLA/CMY SJP/CMY AYC/CMY KEH/CMY
Mindfulness CAS.b Course (L6)	Participate in an 8-week mindfulness course developed by the Mindfulness in Schools Project. Potential benefits include enhancing your wellbeing, improving your concentration and focus, dealing with difficult mental states and everyday stresses and learning more about how to fulfil your potential and pursue your goals. You must be prepared to engage in the home practices that will be set each week. These will enable you to get the most out of the course. Please email CEH if you are interested.	Thursday 13.30-14.10 for 8 weeks Exact dates tbc	SEC-002	CEH
Music Clubs and Activities	The Music Department organises a wide range of activities, many of which can be tailored to individual interests. Please talk to a member of the Music Department about what it can offer you.			CHD
Senior Philosophy Society (L6)	<i>Can we freely choose any of our actions? What is consciousness? Is time real? Should we care about how we treat robots? Is human life any more important than animal life? Is there life on other planets? Would the world be better if everyone always told the truth? Does the universe have an end?</i> A great opportunity for current Philosophy students or any other L6 students with a particular interest in Philosophy to explore, deliver presentations on and discuss philosophical questions, both extending from and beyond the IB syllabus.	Tuesday 13.40	SEC-201	CJW
Physics Forum (L6)	Physics extension group discussing problems, topics, and approaches beyond the IB syllabus. Open to all L6, but of particular use to those considering Physics, Engineering, or Physical Natural Sciences courses at university.	Wednesday 13.00-13.40	SC-0F	JHD
Planet Hunting with Python Club (L6)	The Planet Hunting with Python project enables students to experience how researchers use computer programming to do research by teaching them Python, and applying this to analyzing data from the NASA Kepler and TESS missions. Part of the Queen Mary University of London Physics Outreach program. Eligible for CREST Gold.	Tuesday or Wednesday tbc 16.15-17.30	Physics Data Logging Room	AEG
Prayer and Praise	Prayer and Praise is an opportunity for staff and pupils to come together once a week and be encouraged by singing together and having time for quiet reflection and prayer. Sevenoaks School can be a relentlessly busy and stressful place at times, and this is a great opportunity to take a step back and put the focus back onto God, to say thank you for our many blessings and to ask for help for ourselves and others.	Friday 08.10-08.30	P37 tbc	JDD/TJF
Pride Society	If you are LGBT+ or just straight and you are interested in gender, sexuality and other related issues, this is the club for you! We enjoy hanging out together and just having a laugh! Don't be intimidated, we're a very welcoming bunch!	Monday 13.00	ML14	GOO/EXS
Running Club	After-school Running Club welcomes all runners from novices to the experienced and everyone in between who wish to improve their general fitness and their distance running. There will be multiple ability groups so please do not be afraid to come and join in. Typically Wednesdays and Fridays will be steady runs in Knole Park and Thursdays will be intervals on the athletics track or at The Vine.	Wednesday, Thursday and Friday 16.20-17.30	Meet at Sennocke Centre	NAG/PFJ

Activity	Description	Time	Location	Teacher
Sackville Theatre Society (Y10-U6)	A society for potential theatre makers, directors and dramaturgs: including play readings, theatre trips, discussions and workshops on contemporary theatre practice, technical training and the theatre industry, directorial development and scratch work.	Wednesday lunchtime Saturday 08.20 voice workshop (alternating weeks)	PAC	KTN
Science and Technology Display Club	Come up with ideas to create exhibitions in our vitrines!	Student-led on an ad-hoc basis	tbc	AEG
Script and Screenwriting Club (Y9-10)	Get yourself heard. From writing Youtube videos to one act plays we help each other to get the scenes sharp and the words right. Working on individual projects and learning about plot development, characterisation, dialogue and much more.	Y9 Monday 16.15 Y10 Thursday 16.15	tbc	SAB/POH
Script Writing with the National Theatre (L6)	Take part in the National Theatre New Views script writing competition. Develop a script for a one act play with Mrs Bartleet and Mrs Hargreaves and be given workshops with professional playwrights and one to script editing advice with a National Theatre writer. Please contact SAB for the time and place.	tbc	tbc	SAB/POH
Self-Defence Club	Self-Defence Club (est. 2015) is a free chance to learn practical techniques from martial arts including Taekwondo, plus life skills to help build confidence, coordination and reduce stress. Attending regularly, you should feel you could protect yourself. Sign up on SOCS, or speak to Mr Rands-Webb; either way please come in sports kit.	Y7-8 Friday 16.30-17.00 Y9 and above Friday 17.00-17.30	Sennocke Centre Dance Studio	RRW
Shakespeare Society (Y7-9)	Shakespeare Society' is for anyone interested in exploring acting Shakespeare and the impact of his work in performance. Come and learn new practical skills and gain confidence and appreciation of Shakespeare. The group will also work towards participation in the annual Shakespeare Monologue Competition. https://www.isaschools.org.uk/competitions/shakespeare-monologue-competition/	Tuesday lunchtime	PAC	KTN
Social Entrepreneurship Drop-In	Any student interested in developing a social entrepreneurship project of any form can drop-in at this time for support from CLD and student mentors. We run an annual student-led social entrepreneurship competition led by a Sixth Form team, which helps students to develop their ideas across the year before pitching to judges for seed funding. Students can also enter the Tycoons in Schools Programme from the Peter Jones Foundation, which can support them with funding for their ideas. Students are also encouraged to join the Social Leadership Programme (see below).	Monday 13.40-14.15	L3-4	CLD
Student-led Service and Partnership Projects	Any student with an idea for a project relating to service, social entrepreneurship, charity or environmental action should contact Miss Davison (CLD) who will organise support with mentoring to help make your project a reality. For projects relating to environmental action, students can also contact Mr Lilley (PCL), and for projects relating to charitable engagement, they can contact Mr White (CJW). For questions relating to the service programme more widely, do contact Mr Fletcher (IAF).	Thursday 13.40	tbc	CLD/CJW/ PCL
Social Leadership Partnership Programme (Y10-13)	The Social Leadership Programme brings students together across Kent schools in the Michaelmas term for a 10 week programme of online interactive workshops led by external speakers working in the field of social enterprise, environmental action and social leadership more widely. The programme will include sessions on effective communication, fundraising, social entrepreneurship, environmental sustainability, building theories of change. It will be helpful to any student looking to develop their own project or build their leadership skills and understanding, but also to learn more about impactful and sustainable social and environmental interventions more widely. Those who complete the programme will receive a certificate, with the most engaged passing with distinction. The course starts on Monday 20 September and may involve some in person sessions.	Monday 16.30-17.30 Starts 20 September	Online	CLD

Activity	Description	Time	Location	Teacher
Spanish Debating Society (Sixth Form)	If you have a flair for debating, come and join us to discuss current affairs in Spanish. The best candidates will have the opportunity to participate in the annual Spanish debating competition! Open to all students at ab initio, standard or higher levels.	Monday 13.00	ML15	GOO/IMR/MSF/GGR
Spanish Seminarios (Upper Sixth)	If you are thinking of studying Spanish at uni or you just want to expand your knowledge of the subject, this is the club for you! We will be reading and analysing poems, short stories and fragments from novels. This will be excellent preparation for your entrance interviews and your courses at university. You will also get the chance to meet all members of the Spanish Department! Open to all levels: ab initio, standard and higher.	Wednesday 13.00	ML15	GOO
Spanish Club de Bilingües	Si hablas español en casa, pero no lo estás estudiando en la escuela, ¡este es tu club! Podrás hablar y practicar tu lengua con otros compañeros y podrás seguir aprendiendo sobre la gramática y cultura españolas.	Wednesday 13.15	ML14	GOO/IMR/MSF/GGR
Sports Clubs	All sports clubs have now migrated to SOCS coco. In order to access the website, please ensure that you have logged onto Office 365 on your device before using the following link: https://www.socscms.com/login/237/pupil/ Some clubs are by invite only and others are first come, first served. Please choose wisely, taking into account whether you can remove yourself from a club if this was your wish. If you have any questions, please email JCE@sevenoaksschool.org			JCE
Theatre Design and Production Club	Interested in learning production and design skills, or contributing to costume design, set design and stage management for SSTC productions? Come along!	tbc	tbc	SXB/ZAG
Senior Theatre Impro Club (Y11-U6)	Impro Club is a practical activity exploring spontaneous improvisation, comedy and storytelling through a series of games and exercises. A chance to learn valuable transferrable skills in a safe, constructive environment.	Friday 16.15-17.30	tbc	JHD/ABC
Theatre Technicians and Stage Design	If getting on the stage is not your 'thing', but you are more interested in behind-the-scenes work (costume design, lighting design, stage management, set/prop making etc) there will be a chance for you to explore your talents here.	Y7-8 Thursday lunchtime Y9-10 Friday lunchtime Y11-U6 Monday lunchtime	PAC	BJC/ZAG
Treezilla Club (Y10)	In this club you will learn about the importance of trees, how to identify native British trees. We will also contribute to the monster map of trees by surveying the trees on campus and beyond and recording the data using the Treezilla app. This volunteering activity can be used for students who do CCF and need a volunteering activity for their Bronze DofE.	Tuesday 13.00	SC-0A	KAM
Verve Creative Writing Magazine (L6)	Are you interested in creative writing, editing and design? Verve, the school's creative writing magazine, is published once a year and includes writing from all year groups. Verve will meet once a week and we are looking for students with writing, editing, publishing and design skills. The team will decide both the content and layout of the magazine and be actively involved at all times in the process. The magazine is published online and is a student led activity. There will also be a number of creative writing competitions and events during the course of the year for the team to help organise.	tbc	S5	AD

Activity	Description	Time	Location	Teacher
Volleyball Club	Volleyball is an option for Year 11 and Sixth Form in the Summer Term with teams representing the School in inter school fixtures and tournaments. There are also volleyball sessions in the Michaelmas and Lent terms, with all students welcome.	Y9-10 Thursday 16.15 Y11-U6 Friday 16.15	Sennocke Centre	APB
Weizmann Safe-Cracking Competition (L6)	Students work independently in Teams and use the Maker Space. Eligible for CREST Gold. This will be student-led with advice from the Physics Department.	Wednesday 12.10-13.00	CAD/CAM	AEG/AYC

Notes:

Co-Curricular Activities

There are many clubs, societies and other activities which take place on a regular basis. There are some which occur more irregularly and sometimes once or twice a term. The school produces co-curricular priority lists of group practices and rehearsals for major activities which represent the school (this list is updated in the termly calendar). Please check these priority lists before signing up for additional activities if you are part of a squad which has to train on given days.

Attendance at these takes priority over all other clubs and societies.

If you are involved with these activities you must organise your other commitments around these timings. You may also need to attend additional rehearsals for drama productions or music concerts during the year so be careful to notify your teachers if they clash with priority activities.

Check notice boards and Firefly for details.

Sports

The Sports department produces a timetable grid for Sports clubs and other clubs and activities which take place in the Sennocke Centre. More information can be found on the parent pages, under co-curricular information.
